SMILE CORNER:

Not how it sounds

Whenever my wife starts to sing, I always go out and do some gardening work so our neighbours can see there's no domestic violence going on.

Downsizing

You know the economy is down whenCEO'S start playing miniature golf.

Lost in translation

A husband and wife, both at their respective places of work, are sending each other messages using their smartphones' voice command functions.

Eventually the husband jokingly messages "You need to get back to work now, you have a husband to support!"

When his wife receives the message, it reads- "You need to get back to work now, you have a has-been to support!"
