Derek and Molly have been discussing future SAARP entertainment and thought it would be a good idea to start a ripple and give our very receptive SAARP members something to look forward to in 2021.

Molly has stated that as members are aware past revues have been enthusiastically received and my thought is that we should follow similar lines with short skits, some songs and jokes.

Derek has prepared a full script for a pantomime which is very funny and has a lot of puns which most of the members will appreciate. It is rather long and will take up the entire second half of the programme so acts in the first half will need to be short and snappy.

Please consider spreading the word among the members so they can come forward with suggestions and start preparing.

**MOLLY'S** suggestion {from the peanut gallery} is that no member performs more than once and that only members participate. (There was a bit of interference from outsiders at the last Revue meeting before the lockdown). If there are hurt feelings you can always invite the outsiders to perform at the monthly meetings.
